

QMUL Careers & Enterprise support for graduates

If you have recently graduated and don't know what you are doing next, then we would love to support you in finding work or applying to further study. Read on to find out about the services available to you for the next two years. In particular, you may want to listen to one of our webinars or read our [blog](#) for advice on a range of career related topics.

Graduate jobs and internships

Access over 1000 graduate jobs on [JobOnline](#) – simply sign up as an alumnus and create a profile to browse the opportunities available. Register for [QTemps](#) for temporary full time work on and around the Mile End campus.

To prepare for online psychometric tests use our practice test software. We have subscriptions to Assessment Day and Graduates First - both can be found here, but please call us on 020 7882 8533 to register a graduate account.

If you have an interview coming up, you can use our practise [online interview software](#). Register your free account and you'll have access to a library of 7000+ interview questions and can create your own custom set of questions, or take a pre-made interview.

Watch the [video diaries of graduates](#) from across the university of London seeking work after university to learn what worked for them, and get [advice from careers professionals](#) on finding work after university.

Events

We run over 100 careers events every year and as a recent graduate you can still attend these. Find out about our employer skills workshops and presentations, career fairs and careers consultant-led workshops at careers.qmul.ac.uk/events
